ABU DHABI

Dear Omar,

I trust this e mail finds you well.

Just a quick note to praise all your security staff: they always do a magnificent job, but yesterday and today were particularly special. They were helping us to move furniture and taking care of the guests, while the storm was hitting us. In addition, today they helped us tremendously to put the hotel back into shape. We always consider them as part of the Rosewood family and I felt particularly proud of them.

Luigi, myself and the Rosewood family would like you to pass on our sincere appreciation to your team and look forward to a continuous collaboration.

My best,

Annie Monnier
Hotel Manager
